## clinic attendant

### Education

Bachelors in Industrial  
Psychology –  
Kansas State University 1997

Masters in Industrial Psychology  
– Kansas State University 2006

Doctorate in Physical Therapy –  
Wichita State University 2015

### Objective

As a clinic attendant, my primary objective is to support the functioning of a health services business by performing cleaning and organizing duties in the office. I aim to help create a positive and productive work environment by assisting other team members, setting clear goals for myself, and being of service to those who need me.

### Experience

*May 2019-March 2020*

Lawrence Memorial Hospital

Prepare (disinfect) treatment tables and exercise equipment for next clients, organize laundry and equipment areas, assist therapist as needed ie. icing, exercise equipment adjustments, oversee repetitions of simple exercise. Assist in creating a welcoming and friendly environment.

*June 2017-June 2019*

Kansas University Schiefelbush Speech-Language-Hearing Clinic  
Seratoma-Schiefelbush Summer Programs

Assisted with curriculum preparation and gathering of supplies for games, art, music and breakout sessions for elementary children. Assistant leader for small group activities during two week camp for two groups daily.

*July 2015 – August 2015*

Physical Therapist • Kansas Rehabilitation \* Topeka, KS

*January 2012 – December 2014*

Cashier • Target \* Wichita, KS

*January 2001 – December 2011*

Human Resources • DST Systems \* Kansas City, MO

---

Past Responsibilities: Developed exercise regime and supported patients (mainly with stroke or TBI) while they recovered. Data Tracking. Customer service. Cashiering. Recruiting. Onboarding. Orientation conducting.

---

## **Communication**

I utilize my iPad, gestures, and short phrases to communicate today.

---

## **Leadership**

Recently I developed a presentation that I have given to different civic and medical groups detailing my health journey and physical recovery. I have presented to the Kansas Regional Speech Therapist Convention and I was the inaugural presenter at the KU Augmentative and Alternative Communication Meeting.
